Fine and RARE WINES

Rarity demands reverence. The wines in this collection have been selected for their scarcity, their provenance, and their extraordinary ability to transcend the ordinary. These are the bottles that define wine culture, the vintages that appreciate with age, the producers whose names are whispered with reverence, the experiences that become lifelong memories. To access them is a privilege; to savor them is pure transcendence.

A love letter from **SPAIN**

Every love story needs a spark. Ours began when Chef Wang, a Michelin-trained Spanish cuisine obsessive, decided that his decades-long affair with Barcelona couldn't stay long-distance anymore. So he packed his knives, ghosted his dim sum destiny, and landed on *107, Amoy Street*.

Enter Azad Sharma, the charismatic hospitality wizard who believes that great service is less "following a script" and more "reading minds before they know what they want." With a decade of continental hospitality experience, he's the yin to Chef Wang's culinary yang.

Together, they've bottled the soul of Spain and poured it into a little shophouse. Chef Wang brings the passion, the reverence for ingredients, the beautiful chaos of Spanish gastronomy. Azad brings the magic, the warmth, the anticipation, the kind of service that makes you feel like the only guest in the room.

AMOR isn't just a restaurant. It's proof that when obsession meets hospitality, when art meets execution, something extraordinary happens. Come hungry. Leave happy. That's the promise.
